

### Annex A

#### Forward

The University of Suffolk Travel Action Plan is the implementation document that underpins the Sustainable Travel Plan 2019 to 2024. It sets out the broader University Objectives and identifies a wide range of initiatives for implementation to encourage the use of sustainable modes of travel.

Its central aim is to reduce the reliance on petrol/diesel based engines and single occupancy car journeys. It is anticipated that through the implementation of these initiatives and through the work of the Transport Working Group; staff and students will benefit from more affordable, better quality transport services, on a campus which is pedestrian and cycle friendly with improved air quality and local road congestion. This Action Plan will be reviewed on an annual basis.

#### Aim

To continuously improve a modal shift in travel behaviour away from single car occupancy towards, train, bus, cycling and walking commuting choices, whilst additionally reducing scope 3 carbon emissions associated with travel.

#### Transport Objectives

- Work with Suffolk County Council and local bus and train companies to enhance the availability of, and access to, public transport;
- Reduce absolute greenhouse gas emissions and transition towards decarbonisation;
- Increase travel engagement and generate a healthier, more motivated student and staff body;
- Improve sustainable access for employees, students, visitors, contractors and deliveries;

- Support for and integration with the University Sustainability and Environmental Policy and the Estates Strategy;

Objective Area	Initiative/Activity	Details	Target Completion Date	Status
<b>Increase Travel Engagement</b>	Raising Awareness General	Update signposting to new Travel Plan and through the Transport Working Group develop a Communications and Campaign Strategy for Campus Travel	Jan 2020	Complete
	<b>Refresh</b>	Initiate implementation of Communication and Campaign Strategy for Campus Travel	May 2023	Underway
	Raising Awareness General	Initiate implementation of Communication and Campaign Strategy for Campus Travel	Sept 2020	Initial drive complete
	Establish baseline data with greater accuracy	Refresh postcode data to monitor staff/student locations and identify route and access pressures. To be completed following second semester intake	March 2020	Complete
	Travel Survey	Promote and ensure uptake of annual County Travel Survey as policy requirement. Interrogate results.	March 2020	Ongoing Annually
	Staff cycling promotion	Reinvigorate the Cycle to Work Scheme Consider extending the £1000 CtW limit to enable the inclusion of electric bicycles	April - May 2023	Underway
	Staff cycling promotion	Re-promote availability of Staff Work Pool Bikes loan scheme to include the addition of leisure cycling during lunch breaks	April - May 2023	Underway
	Student Cycling Promotion	Work with Student Union to encourage and secure the procurement of student bikes for fitness and book out	March 2020	Complete
<b>Integration with the Sustainability and Environmental and Estates Strategy</b>	Transport integration into Estates Plan and Strategies	To include new Travel Plan objectives and targets and define infrastructure support requirement, funding and space challenges	April 2020	Complete
	Cycling and Walking	Look to identify space for and funding of additional showering and potential drying rooms	April 2020	Complete

## University of Suffolk Travel Action Plan 2019 - 2024

<b>Work with external Stakeholders to enhance availability of, and access to, public transport</b>	Public Transport Services	Undertake a cost benefit analysis for public transport services in relation to Postcode data sets, public transport parking and conveyance and onsite University Parking	July 2020	Complete
